

# LAB PACKING

United provides lab packing services for the proper disposal of chemicals and biohazard waste commonly associated with, yet not limited to the following:

- Paints
- Corrosives
- Poisons
- Flammables
- Toxics
- Aerosols
- Illegal Drug Labs
- Sharps Containers
- Bio Waste Cleanup
- Trauma Scene Cleanup

Our lab packing services include a computerized inventory of chemical hazard classification as well as Department of Transportation and Environmental Protection Agency required data for proper shipment and disposal.
